

The Fort Worth ASHRAE Chapter would like to honor two of our chapter's enduring members—Emil Friberg and D.W. Gipson—for their outstanding dedication and commitment.

We are extremely proud to create the Emil Friberg and D.W. Gipson Endowment Funds. We will have separate funds representing each of these two life members of our chapter. Please note this restricted endowment fund will be invested by Foundation BOT and 5% of the income in invested funds benefits ASHRAE research in the future.

Donation Options: (for either member)
