

President's Report Summer Sunshines Coming ASHRAE!

Hello ASHRAE Dallas!

What an awesome April! Julia Keen, an ASHRAE Distinguished Lecturer and a K-State professor presented 'Targeting Success - Improve Employee Satisfaction, Retention, and Profit' at our April dinner meeting. Mike Brown, our Sustainability Committee Chair, hosted a White Rock Lake Shoreline Spruce Up with the USGBC Texas Chapter on April 11. Clare Cromwell, our Research Promotion (RP) Chair, put together an amazing Spring Golf Classic at Rangers Golf Club on April 17 that raised over \$15,000 for ASHRAE RP which will allow us to meet our 2025-2026 goal of \$68,000. Last, but not least, a few ASHRAE Dallas Board and Committee Members attend the Chapter Regional Conference (CRC) in Little Rock on April 24-25.

Our presenter for our May Meeting is Ryan Soo with Siemens. He will present on ASHRAE Guideline 36: High-performance HVAC control sequences that improve energy efficiency, occupant comfort, and system reliability. There are only a few spots left so register today!

On May 28, we are hosting a DEI Family Night at Globe Life Field for a Rangers-Astros game. Tickets include food and non-alcoholic beverages. We'll pull together sponsors for the adult beverages. Last year we had 100 attendees so please register today!

Thank you to our Members, Board, Committee Members and Chairs, and all of our Guests and Volunteers for your support of ASHRAE and the Dallas chapter!

President Elect/CTTC Report

Hello Dallas ASHRAE Chapter!

Calling all past ASHRAE Chapter Presidents. The Dallas Chapter would like to invite you to attend our May meeting celebrating our past Chapter Presidents on us. Let's celebrate our chapter and all the contributions our presidents have made!

Thank you to everyone who attended last month's presentation. We had a great turnout and wonderful presentation from Julia Keen on Employee Retention.

We are excited about our next dinner meeting on Wednesday, May 13th at Maggiano's Northpark. We have Ryan Soo with Siemens presenting 'Improving Efficiency with ASHRAE Guideline 36'. Guideline 36 establishes standardized, high-performance HVAC control sequences that improve energy efficiency, occupant comfort, and system reliability. We are excited to have him present and hope you all come out.

Check in starts and networking starts at 5:30pm. Don't miss this great presentation and great food!

TICKETS:
